

Le dé dans la main avant d'être lancé

État du dé initialement en superposition

Le dé est
lancé

Mesure du résultat du dé sur la table

État du dé s'effondre à une de ses valeurs

$|v = 0 \text{ km/h}\rangle$

Couplage faible

Système

\hat{U}

Interaction

$|v = 90 \text{ km/h}\rangle$

a)

$$|\psi_i\rangle = a|H\rangle + b|V\rangle$$

Intéraction forte $\delta \gg \sigma$

b)

$$|\psi_i\rangle$$

Intéraction faible $\delta \ll \sigma$
