

Le dé dans la main avant d'être lancé

État du dé initialement en superposition

Mesure du résultat du dé sur la table

Le dé est lancé

État du dé s'effondre à une de ses valeurs

a)

$$|\psi_i\rangle = a|H\rangle + b|V\rangle$$

Intéraction forte $\delta \gg \sigma$

b)

$$|\psi_i\rangle$$

Intéraction faible $\delta \ll \sigma$

$$|\psi_f\rangle \approx |\psi_i\rangle$$
